ONLY A SUGGESTION.

But it Has Proven of Interest and Value to Thousands.

Common sense would suggest that if one wishes to become fleshy and plump, it can only result from the food we ent and digest, and that food should be albuminous, or flesh-forming food, like eggs, beefstesk and cereals; in other words, the kinds of food that make flesh are the foods which form the greater part of our daily bills of fare.

But the trouble is that while we cat enough, and generally too much, the stomach, from abuse and overwork, does not properly digest and assimilate it, which is the reason so many people remain thin and under weight; the digestive organs do not completely digest the food-forming beefsheak and eggs and similar wholesome food.

There are thousands of such who are

convenience from their stomachs.

If such persons would lay their prejudices aside and make a regular practice of taking, after each meal, one or two of Stuart's Dyspepsia Tablets, the food would be quickly and thoroughly digested, because these tablets contain the natural peptones and distanse which every weak stomach lacks, and by supplying this want the stomach is soon enabled to reach its natural tone and vigor.

Stuart's Dyspepsia Tablets digest every form of flesh-forming food—meat, eggs, bread and potatoes—and this is the reason they so quickly build up, strengthen and invigorate thin, dyspeptic men, women and children.

Stuart's Dyspepsia Tablets is the most successful and most videly known of any remedy for stomach troubles, hecause it is the most reasonable and scientific of modern medicines.

Stuart's Dyspepsia Tablets are sold by every druggist in the United States and Canada, as well as Great Britain, at 50 cents for complete treatment.

Nothing further is required to cure any stomach trouble or to make thin, nervous despeptic people strong, plump and well.

FREDERICKSBURG, VA., October 26. Mr. Allen Caperton Braxton, of Staunton, addressed the voters in the courthouse here to-night. G. R. Swift, Democratic candidate for House, introduced the speaker. It was Mr. Braxton's first speech here, and a good crowd heard bim. Much was expected of him on account of the reputation he made in the Constitutional Convention, and he did not disappoint his audience.

Mr. Braxton handled the issues of the campaign in an able manner. He was listened to with the closest interest, and ne created the greatest enthusiasm. The principal features of the speech were the discussion of the record of the Demo-cratic party, which he contrasted with that of the Republican party with telling

Mr. Braxton also paid his respects to Col. Campbell Slemp, the uncrowned Republican king of this State, and recalled the fact that when he was in the Legislature he voted for a negro for door-keeper of the House over Sullivan, the one-legged Confederate soldier.

EAST RADFORD. VA., Oct. 26.—Congressman Claude A. Swanson spoke here to-night to an enthusiastic audience, which, despite inclement weather, numbered at least two hundred Democrats. His speech, brilliant, eloquent and incisive, held the close attention of his audience from start to finish. It was a scathing arraignment of the Republican candidates and party leaders in Virginia, particularly Judge Lewis, the Slemps and Lucian Glenves.

The speaker claimed that prosperity in the South was due not to Republican rational policies, but to Democratic State rule, and declared that Republican rule had been a curse in every Southern State in which it had been tried. He cited flagrant instances in Delaware, Maryland, Kentucky. North Carolina and Virginia, saying that in every instance it brought disaster, blight and ruln. He dubbed the Republican charge of dishonesty monumental gall, and said the Republicane here detected to the serious stolers of the contrasted the blessings of Democratic rule with Re-
